| Event Notes  |                               |

**The schedule for this event is tight. Please be ready when your class is up. We will keep the show moving.**

All cars must go to tech for a safety inspection prior to going on track on Saturday.

All cars must register and get a transponder before practice. Transponder must be on car whenever on track.

All divisions must start feature on qualifying tires

SS, RR & FWD must have a working raceceiver. We have them for sale or rent if needed

Late Model Sportsman/Outlaws must have a spotter in spotters stand.

RR & FWD will draw for starting position

The first SS race is a makeup event from August. Only cars that were entered in that event can compete.

All SS cars running the makeup event must start on the marked tires from that event.
